

SWORN AFFIDAVIT OF BRYAN HEPP

RE: CITIZEN RESCUE EFFORTS BY PF LAZOR

I, Bryan Hepp, swear that the following is true and correct:

During the year before PF Lazor was arrested for a shooting in his Los Gatos house in 1983, the following incident occurred when PF assisted my mother by picking me up across the San Francisco Bay.

It was late at night and just after crossing the Dumbarton Bridge into Newark, we spotted a man in front of a bar dragging a woman by her hair down the sidewalk. She was screaming, kicking and struggling to get loose, as we were driving by.

PF immediately stopped the car, pulled over, and without hesitation he jumped out and ran towards them, yelling at the man to let the lady go. Both the man and the woman then begin yelling at PF to get lost and mind his own business. So PF backed off but waited at the car.

As soon as it seemed certain that the woman was not in serious danger and earnestly didn't want help, PF proceeded to drive me home to Fremont.

I observed from this incident that PF was willing to risk his own safety to save a disadvantaged stranger who was being victimized. PF had nothing to defend himself with, and expressed an awareness that the man may have been armed and dangerous. And also, that PF wasn't interested in butting into anyone's personal business, leaving without hesitation as soon as he was assured that his help was not wanted or needed and there was no real danger for the victim.

Over many years I have observed PF Lazor in many different kinds of situations, and I've always known him to strictly seek peaceful solutions to conflicts and to speak out against criminal activities and violence, while proposing lawful, socially acceptable solutions to such social problems.

I swear and affirm under penalty of perjury under the laws of the State of California, that the foregoing is true and correct according to my own knowledge and observations. If called as a witness, I am competent to testify as above.
