To whom it may concern:

I am writing this letter in regards to my very dear and close friend PF Lazor.

PF and I met in 1980 while I was still in college and was with me as I graduated and began my profession in dental hygiene. He lived with me in Sunnyvale for 6 months while we both took on the challenge of starting our own business together with the Neo-Life Co. He was a great partner and leader in our business endeavor and also in our personal lives. PF and I were engaged to be married for a period of time in which we did a lot for each other to assist and help each other grow in love and responsibility.

We spent time with our church in Fremont by singing songs that he composed and supporting our beliefs about the goodness of life - constantly working towards making it a positive experience - one filled with growth. PF is a very deep and spiritual man and I truly loved him for his outlook on life and his constant striving to do the most he could do to help others and himself. PF is one of the most diligent men I have ever met, always following through with his commitments and responsibilities. He was always there to help his friends out in need and protect them.

It is extremely hard for me to believe that such an event has happened to PF, for he has never meant to harm anyone, especially take another man's life. His character is to defend his survival and I truly believe his reaction was to defend his own life that someone had threatened.

PF and I have been in contact with each other through the years and also during this most difficult time and I feel strongly in supporting him in any way possible. PF is such a sensitive man and I know this incidence has caused a deep hurt and shock in his life - one that was not anticipated at all, and I feel that his existence in this life could be severely jeopardized and threatened if incarcerated in a criminal manner. He honestly is a beautiful and sensitive man and has come so far in his life to be good and make it good for all that enter into his experience. Please think deeply about a decision for this man's life - he is so special to the world and that comes from the bottom of my heart. I love him and do not needlessly want to see him hurt.

Thank you for your consideration in this matter and if I can be of any help please feel free to contact me at home or work. I would gladly & openly stand in defense of him as a character witness.

Very sincerely,

DebRenee Hartley, R.D.H.
