Honorable Judge, Honorable Jury:

I am writing this letter in regards to my very dear and close friend PF Lazor.

PF and I met in 1980 while in college and was with me as I graduated and began my profession in dental hygiene. He lived with me for 6 months in Sunnyvale while we both took on the challenge of starting our own business together with the Neo-Life Co. He was a great partner and leader in our business endeavor and also in our personal lives. PF and I were engaged to be married for a period of time in which we did alot for each other to assist and help each other grow in love and responsibility. We spent time with our church by singing and supporting our beliefs about the goodness of life constantly working towards making it a positive experience, one filled with growth. PF is a very deep and spiritual man and I truely loved him for his outlook on life and his constant striving to do the most he could do to help others and himself. PF is one of the most diligent men I have ever met, always following through with his commitments and responsibilities. He is always there to assist and help his friends out in need and protect them.

It is extremely hard for me to believe that such an event has happened to PF for he has never meant to harm anyone, especially take another man's life. His character is to defend his survival and I truely beleive his reaction was to defend his own life that someone had threatened.

PF and I have been in contact with each other during this most difficult time and I feel strongly in supporting him in any way possible. He has always reached out to help me, day or night, in my times of need. PF is such a beautiful and sensitive man and I know this incidence has caused a deep hurt and shock in his life one that was not anticipated at all and I feel that his existence in life will be severely jeopardized and threatened if incarcerated in a criminal manner. He honestly is a beautiful and sensitive man and has come so far in his life to be good and make it good for all that enter into his experience. Please think deeply about a decision for this man's life - he is so special to the world and that comes from the bottom of my heart. I love him and do not want to see him needlessly hurt.

Very sincerely,

DebRenee Hartley, R.D.H.
