

Concerning P.F. Lazor

I have known P.F. since we were students at Ohlone College (fall 1976). Since that time we have remained friends, depending on each other for small & large favors such as driving to & from car repairs, pick up at air ports, etc. I have lent P.F. money & he has always paid it back in full. One Christmas he stayed at my house for 2 weeks when I went back east. The house was clean, orderly & generally undisturbed when I returned.

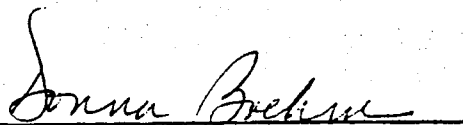

P.F. is a person I would not hesitate to ask a favor from. He is dependable & has always been honest with me.
