Dear Mr. Gillis and Board Members:

Re: PF Lazor Corporate Leadership Qualifications

**Affirmed Affidavit of Floyd Wright**

I, Floyd Wright, solemnly affirm the following is true:

In 1983-84, I served in several levels of management, including Regional Vice President, for the A. L. Williams division of American Can Company, one of the largest corporations in America used to gauge the Dow Jones Average index. I am a practicing Christian with a grown family, a homeowner at the below address, and for many years was an engineer for Lockheed.

In 1983, I co-recruited PF Lazor into the A. L. Williams Corporation. He immediately proved his aptitude for corporate management, based on such previous managerial experience. He earned a promotion to Bay Area District Manager in his first half year with the company. Mr. Lazor was being groomed for a Regional Vice Presidency, having successfully demonstrated the maturity and business acumen required in managing the demanding responsibilities of a Regional Vice President.

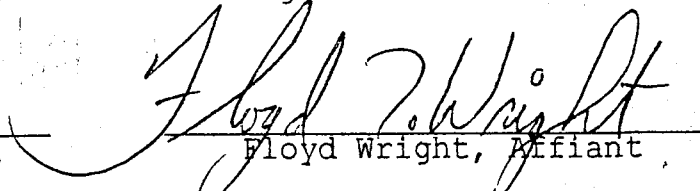

Mr. Lazor candidly informed A. L. Williams' management of his pending murder trial, admitting that he shot the man in a panicked reaction of self-defense while surprised by a violent attacker in his home. Under frequent job training observation, Mr. Lazor never displayed any indications of violent, criminal, or even inappropriate behaviors while constantly interacting with his coworkers and the public. He gave every indication of being well suited for all facets of integration into society.

A. L. Williams management-level staff felt that Mr. Lazor's performance would eventually have qualified him for the Senior Vice Presidency position with the company. Many of the management personnel felt a great loss at his leaving the corporation upon his incarceration and had expressed the desire to have him return with the firm upon his release from prison.

I, Floyd Wright, affirm and verify under penalty of perjury that the foregoing statements of fact are true and correct according to my own personal knowledge.
