To Whom It May Concern:

I have been acquainted with P.F. Lazor for about six years and have observed or known of him in the roles of student, inventor, real estate salesman, musician, entertainer, and poet. But above all these roles, I've thought of him as a warm human being.

P.F. Lazor is a gentle person, soft spoken, thoughtful, and definitely non-violent in nature. In the half-dozen years I have had the privilege of knowing him, I have never heard him so much as speak ill of anyone.

I have served on various boards and committees in the City of Fremont and Alameda County in addition to teaching for twenty-eight years in the public schools of Fremont. In this experience I certainly count P.F. Lazor to be one of the most positive, admirable, and remarkable persons I have ever known.

Very truly yours,

*John D. Lavelly*
