RE: GRANT PAROLE TO PF LAZOR C-73842

I have corresponded with PF for years and know him to be an intelligent, peace-loving, and responsible person.

I understand that when someone breaks into our home, we each have a right to defend ourselves. This is what happened in PF's case. He rightfully defended himself from an intruder, who held a weapon.

PF's background record is good, with no criminal history. I understand he has been cooperative in every way, while in prison. Please understand that some of his conduct reports have been fabricated by unjust prison guards. He has actually served longer than necessary, even after 1992, when he should have been lawfully released.

Please closely examine your files on PF, and release him. We are aware that others with far more serious offenses are being released. As proven before, PF is in no way a danger to society, and would greatly benefit others with his many talents.

Please use this letter as a character reference for PF, confirming he is a kind and just man and worthy of parole.

PLEASE GRANT PAROLE TO PF LAZOR.

Sincerely,

Marleen Edwards.
