RE: PF LAZOR/EXPIDITING COMMITTEE ADVISOR

FROM: MEN'S ADVISORY COUNCIL
DEUEL VOCATIONAL INSTITUTION
RUBIN A. WILLIAMS, PRESIDENT

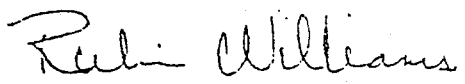

TO: Whom it may concern;

This is to serve as a method of establishing a dialog with your organization to enhance our capacity as an effective body in the California Department of Corrections. It is also to refer Mr. Lazor and his abilities to your service. While I have known Mr. Lazor for a short period of time, he has rendered and shown exceptional skills in the legal field. He has assisted the M.A.C. in valuable information regarding a very serious issue here in Deuel Vocational Institution (DVI). I recommend him to you with remorse that this body is losing his valuable input.

While the M.A.C. here is in it's prime, we have made some progress. However, the area we are in (San Joaquin) leaves much to be desired. We are dealing with a reluctant administration, and attempt not to antagonize it. Any information you can send (per 7100) regarding your establishment, constitution, operational procedures, memos, plans, etc. would more than likely be of great assistance to our problem plagued environment.

A dialog between us is one of our most integral concerns. Thank you in advance.

Sincerely yours,

Rubin "Peanut" Williams
