AFFIDAVIT OF: Shirley Lipscomb

I, Shirley Lipscomb, declare that the following statements are true and correct, based on my personal observation, knowledge and interactions with PF Lazor:

Shirley Lipscomb residing at 1227 Cortez Avenue, Burlingame, CA 94010 for the past 27 years currently president of Lipscomb Chemical Company, Inc.

I met PF Lazor during the two years I was teaching at Ohlone College in Fremont, California during the late seventies. He was never a student in any of the classes I taught but was a familiar face in the department I was teaching. He was a very talented young man with many interests. He was a friendly, artistic, philosophical, warm, sensitive and caring person. I would best describe him as a very gentle man. He met my family and was always a delightful guest. He exuded such enthusiasm and a love of life.

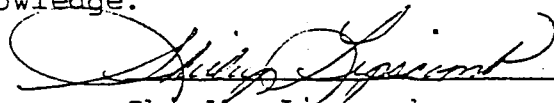

I left the teaching profession to join my husband in a newly formed business and lost touch with PF for sometime. He surprised my husband and me with a visit one day. During our "catch-up" conversation he told us about his pending trial. During the time of his trial I submitted a character letter and would have been willing to testify as a character witness at his trial had I been asked.

My husband and I remained troubled after PF was sentenced; there were so many unanswered questions regarding his case. We eventually lost track of PF (I don't know where he is today) and were so very pleased to receive the letter with the information that PF will finally be able to address the issues to a federal judge.

Please use this letter as you see fit and if I can be of further assistance, please call me.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.
