September 23, 1983

To whom it may concern:

I met P.F. LAZOR in May 1983 when he came over to our Toastmasters club meeting. That Friday night after the meeting, P.F. and I talked on the telephone for over an hour about various subjects. He mentioned that he was involved with A.L. Williams and wanted to me to come down and see a presentation on this company. I mentioned to him that 6 months before I had seen the presentation and did not want to see it again. However, because I could feel that I could personally relate to P.F., I had a change of heart and came down to a meeting the following day.

I had a total change of thought about A.L. Williams mainly because I knew that P.F. would help me. I have been involved in other businesses whereby the person who brought you in forgot about you afterwards. P.F. never did. He kept in close contact with me almost every day. He has been a direct cause in my receiving my first promotion in A.L. Williams.

When he informed me of his court case involving a self-defense homicide, I totally believed what he had told me. As time went on, my beliefs were totally confirmed in that P.F. was unselfish in his efforts and time to assist me and other members in A.L. Williams with their businesses. This was during the time that he could have been spending his time studying and preparing his trial defense.

This leads me to believe these things about P.F.: 1) he is a loving, giving person who believes in helping other people, 2) Why would he be guilty of this act in a malicious manner if were totally dedicated to helping his church, A.L. Williams people, and other people?, 3) Society loses out when a man of his talents, integrity, knowledge, and willingness to help others is barred from participating in it.

The incident of January 10, 1983 is unfortunate and P.F. must regret having experienced it. However, I would be happy to see that the powers that be look at his accomplishments and potential good things that he can give to us all in the future.

All of these things cannot be accomplished in a criminal environment. I know that P.F. will do things that help us all. But it can happen only if he can be a free man.

Sincerely,
