To Whom It May Concern -

PF Lazor was a classmate of mine in the First Year class of metaphysics given by the Tri-City Church of Religious Science. As a member of the class, he believed in the underlying unity of all life. PF exhibited an attitude of non-aggression and understanding, or a willingness to explore avenues leading to understanding.

I think it highly improbable, from what I have experienced of his gentle, artistic nature, that the event in which a death occurred was indeed a murder.
