Dear PF:

We received your letter. Thanks so very much for contributing the words and music to *Quit You Like Men* to our most recent issue of Songs for His People of that same title. YES! Your song *was* included in that issue (4:1) and we sent you an extra copy to share with some of your friends (perhaps the Warden, prison guards, whoever... sorry, I couldn't resist :^). Hope you've received it by now and that you've found the issue enjoyable and a blessing. We thought Johnny's interpretation of the tune was great and hope you did also!

As for an interview... you might pen us a brief letter that we could share in our *next* SFHP issue regarding your 16 year wait to hear one of your songs recorded. You've blessed us already and we're sure folks listening to our *Listeners' Letters* segment would find your experience and perspective of great value.

Hope to hear from you soon. May Yahweh continue to bless, comfort, guide & protect you.

For our God and His people, we remain,

Sincerely,

Norm & Trish Farnum

P.S. Sent issue 4:1 tapes to the Box 921 - C3-132 address.
