

1. A SONG THAT PLAYS FOREVER once was written
In times before perfection had been smitten
with tainting of corruption that would veil for a season
the truth of all that is, and how it is, and its reason.
2. And in this song we saved the last of wisdom;
the story cast in glory's timeless kingdom.
But glimpses of the vision pierce the veil of perception
where all things are revealed, all past and future things unsealed.
3. It's unlocked in a song that has no ending;
the song that's always played from the beginning.
A song that only few have heard through windows of the spirit,
that opens men to scenes past doors of dreams -- yet so few hear it!

INSTRUMENTAL

4. And spring became winter, while we were playing
oblivious to what nature's voice was saying.
And while the days passed slowly, how'd the years all go so fast?
When no restraint could hold us, as if no mold had been cast?
5. We've saved it in a song that plays forever;
a melody inscribed before creation...
unfolding all the secrets of the WORD, and even "why";
the mysteries and all secrets locked beyond the sky.
6. The voice of nature 's not stopped telling all there is to tell;
and once the gong was struck no power could then unring the bell
that tolled the sacred story of the history of all things,
from once the trigger clicked...it forever rings...
