

**AS THE WORLD TURNS (OUT OF CONTROL)**

4-27-14  
(#41)

1. **As the world turns, the fire that burns,  
it steadily increases.  
While the madmen in power threaten  
to blow it all to pieces.  
But they answer to no one, so their  
madness never ceases  
As it all spins madly out of control.**
2. **As the fat cats behind the scenes  
are ever getting fatter  
and the masses don't know what it means  
— to most, it doesn't matter.  
They will march in confusion  
till it's all about to shatter  
As each one struggles to save their own soul.**

**[INSTRUMENTAL]**

3. **There's the writing on the wall, but it's been  
blacked out and rewritten.  
Hardly anyone could read what it first said  
from where they're sittin'.  
While they scratched, then clawed, to bite the hand  
that fed them — they got bitten  
All they saved: a lifetime slaved — their master stole.**
4. **As they grope in darkness, blinded  
by the light they thought would save them,  
they were unwilling to see their vaunted  
savior would enslave them.  
They still run about bald and naked,  
clueless someone shaved them  
of all their hopes and dreams and their most cherished goal.\***

**BRIDGE:    Wake up ! Wake up ! Too late —  
all in vain, you have been conquered !  
Your dreams swirl with your fate  
down the drain, stunned and bewildered !  
You were warned ! You were warned ! You were warned !  
Ten thousand times you were warned !!!**

5. **[REPEAT VERSE 1, AND FADEOUT] †**
