

BEAUTIFUL SUNSHINE
(With You Here Tonight)

11-9-12

1. Beautiful sunshine, beautiful day.
I hear behind me, children at play.
And all the world's hungers
with all the world's might!
Express themselves valiantly, now —
with you here, tonight.
2. Beautiful sunshine, turning to night.
Silhouettes on the sky, raptured in flight!
Thru all of life's longings
past all wrongs and right,
To finally arrive perfectly, now —
with you here, tonight.
3. Beautiful sunshine, wonderful times.
Harp strings pluck decades, thru the wind chimes.
Past broken dreams' sorrows —
tomorrow's new light...
Engulfs us, enflames us, like eternity
with you here, tonight.
4. Beautiful sunshine, doused in twilight.
Sweetness plunged soul-deep, surrendered the fight
— of all my heart's yearnings,
transformed in delight...
My whole cup is filled up, with you,
with you, here, tonight.
5. Beautiful sunshine; shedding its glow
Another day stored away, where they all go.
Glimpses of forever,
Ever so slight —
In impassioned embraces, shared
with you here, tonight!
