

BLESS THEM FROM ME THROUGH YOU

(Mary Jo's Song)

12-22-13 (1)

REFRAIN: Bless them from you through me,
bless them from me through you.
Bless them from me through you,
bless them from you through me.
In all they think and say and do,
in all they hear and see.
Care for them through the day
protect them in the night.
Guide them along their way,
make all they do turn out right.
In darkness have your Son break through
forever keep them free,
bless them from me through you
bless them from you through me.

1. Yahweh, take care of my big sister
I'm your son, I'm her brother, she's your daughter.
The times we live in are so trying
So many live as though they're only dying.
With your power, guard her family
shower them daily with your great bounty.

[REPEAT REFRAIN]

2. Everyone's someone's sister or brother
even if each has no clue as to the other.
Each one's kept in a cradle of prayer
even when the children may not know it's there.
Hear the pleas of prayers for your family
as we, with all creation, groan to be set free.
3. Father, you blessed me with this loving family;
a priceless bounty for me, undeservedly.
More than they know, an inspiration
in all I sow from your creation.
With me ever spiritually,
your presence through theirs, by their prayers
— here with me.

[REPEAT REFRAIN]
