

COUNT ME IN FOR THE LONG RIDE

3-20-15
(#16)

1. I was thinking, maybe hoping
that you'd come around to see my point of view.
Could I trust you, with just one or two
secrets of my heart about my love for you ?

[SHORT INSTRUMENTAL TURNAROUND]

2. If I told you, I wanna hold you
till eternity melts away to stay.
Would you run away, into the night's fray ?
If you did, could I run there with you, too ?

REFRAIN: Don't let the dawn catch you
anywhere without me too.
Don't be alone, I want to be by your side.
Let's do it all together, it may be a long night —
If you'll take my love
count me in for the long ride.

[INSTRUMENTAL OF VERSE SECTION]

3. Would you have me ? I mean the whole me ?
Would you take the bad along with the good ?
That's the only way, it won't end one day
and I'll take you the same way — it's understood.

[REPEAT REFRAIN]

4. C'mon let's look back, down the long track
from an old and distant day — whaddya say ?
We can do this, seal it with a kiss
and this real love, that won't ever fade away.

[REPEAT REFRAIN]

[REPEAT LAST TWO LINES INTO FADEOUT]

[END]
