

DAYS GONE FOREVER

11-10-06

1. Days gone forever,
Nights taken too.
One hand on destiny's lever,
with each endeavor
spent on dreams coming true.

2. And when it's over ...
Nothing more to do.
But living life just for living,
and for the sake of joy,
to make sheer joy, with you.

[INSTRUMENTAL TRUNAROUND]

3. Why wait till later?
Life's here and now.
No moment is ever greater
than the one right here
that you always miss somehow.

4. Time in a bottle.
Smashed on the rocks.
Broke more than dreams you once loved
and breaks wide open
your fate's Pandora's Box.

[FULL INSTRUMENTAL]

5. Our mission ended.
Our work all done.
Our lives of peace finally defended
by the right to live ... by the love of life,
and by a life ... of love ... we won!

[END]
