

FEELS GOOD TO FEEL GOOD

c. 1976

1. You know, choice is the one thing ya never lose.
Can't be sold or stole or given to a friend.
And it depends how you feel, that makes reality real,
if it's not there, ya gotta' pretend.
2. You know, there's so much that's here for the takin'.
There's no such thing as chance or pure luck.
Ya gotta' make your own way, by choosing what to feel each day
and try this, if you tend to get stuck:

HOOK/

REFRAIN: It feels good to feel good
about feelin' good about yourself.
Feels so good to feel good about feeling good!
Yeah, feels good to feel good
'bout feelin' good about yourself.
It feels good to feel good about feeling good.

BRIDGE I: And when your day drags on
and at night you wonder
where all your time has gone.
You gotta' go with the flow
sit back and confidently know,
as every dealing that you reap is what you sow,
every feeling that you keep just makes it grow!

[INSTRUMENTAL]

3. You know, the worst thing that you could have happen
is lettin' someone else tell you what to feel.
The way you play the game of life, is like a two-edged knife,
you end up with the kind of hand you deal.
4. You know, we're all so the same, though much different.
There's a two-way door that each of us go through.
What I'm tryin' to say, is you can have it either way,
and the key is how you feel about you!

[REPEAT HOOK/REFRAIN]

BRIDGE II: And when you're wearin' out your will
and yet the way it's going doesn't fit the bill.
You gotta' go with the flow
sit back and confidently know,
like ever dealing that you reap is what you sow,
every feeling that you keep just makes it grow!

[REPEAT HOOK/REFRAIN]

[END]
