

## FLYIN' HIGH

5-13-13

1. Well, I'm writin' you a letter today,  
and I'm lookin' for the words to say.  
'Cause the things that we've been through  
have made me love you.  
And right now I'm flyin' high,  
tomorrow is just a lie.  
My love is on the run —  
the race will never be won.

### REFRAIN I:

Well, I'm flyin' high right no-o-ow  
and I — ain't got no time for sorrow,  
'got to live today, or I might be late for tomorrow —  
A-ho-a-ho-ho.  
What was that you started to say  
as ya turned to hurry away?  
You said you had to go, so you wouldn't be late for tomorrow —  
A-ho-a-ho-ho.

2. Well, I'm commin' to see you real soon,  
long before our plans made for June.  
'Cause I just can't wait for fate to dictate  
the one to chose for my lifemate.  
And I'm swallowin' my pride,  
with all side dishes set aside;  
In seriousness, — in fun,  
Oh baby! I know you're the one!

### REFRAIN II:

And I'm flyin' high right no-o-ow  
cause I — ain't got no time for sorrow,  
we got to live today, so we won't be late for tomorrow —  
A-hey, a-hey, (let's go) —  
hand-in-hand to the promised land,  
I promise you now I'll ever be your man,  
together here we go; never wait for the fate of tomorrow —  
A-hey-a-hey-hey.

3. I need to know what's in your heart,  
about me and you makin' a lifestart.  
So I'm leavin' tonight  
to finally set the world right.  
I'm leavin' all my baggage behind  
for the pearl-of-great-price-ultimate-find  
— and you're that awesome pearl,  
if day-to-day you'll be my girl.

REFRAIN III:

Yes, I'm flyin' high right no-o-ow  
'cause any other time we'd have to borrow,  
'got to live today — (that way), we'll never be late for tomorrow —  
A-ho-a-ho-ho.  
Unlike those whose treasures lay  
in stocking up heart things for another day  
you and I, we know; how to never be late for tomorrow —  
A-ho-a-ho-ho.

TAG: Together, here and now we'll stay  
not livin' for some vague, rainy day  
Together — now we'll grow,  
Every day, never late for tomorrow —  
A-ho-a-ho-ho.

BACKGROUND FADEOUT TAGS:

Was it "love" I thought I heard you say,  
as you turned so quick to scurry away?  
That's when I knew where to go  
to be right on time for tomorrow —  
A-ho-a-ho-ho;  
... As you turned and fled, it was "love" you said  
— all I needed to hear to choose you, instead...
