

IN VICTORY'S JAWS

6-4-16 (2)
(#52)

- 1. The Red Sea opened to save YHWH's children;
similarly your own barriers can be burst.
As the enemy keeps on destroyin' you must be a-buildin',
don't ever cower or make league with Satan's accursed.**
- 2. The only good time for defeat is for that of your enemy;
don't ever give way, don't ever sway to their cause.
And likewise hold your retreat, if you are to have any,
until you can trap and crush them in victory's jaws.**

[INSTRUMENTAL]

- 3. Divide right from wrong, divide weak from strong, and stay with it;
don't ever give in to their schemes —you know where you belong.
And pray ceaselessly, for a whole century, if need be,
until victory is declared in the final battle's song.**

[INSTRUMENTAL]

- 4. Remember how YHWH collapsed Jordan's walls by a miracle,
remember His lessons and words commanding never to fear.
When the wall is so tall you think you're going to fall and are conquered,
that's the time He expects you most to persevere.**

**TAGS: That's the time most of all you need to persevere.
This is the time most of all you need to persevere.
Now is the time most of all you need to persevere.**
