

JUST GIMME A COUNTRY SONG

7-5-15
(#53)

1. They can take away my home, my cars, my planes
— they can take my pains, too.
They can take what isn't theirs
— just as long as they don't touch you.
And just one other thing they can't give or take away
— something with no price tag we can spend every day :
JUST GIMME A COUNTRY SONG
we can dance to all summer long.

HOOK: Just gimme A Country Song we can dance to all summer long.
Just gimme A Country Song we can dance to all summer long.

2. The music's in the air, everyone has a share
— or two in it.
Everyone enjoys the tale it tells
— but not just anybody can spin it.
As the songwriters play out their talents in the night
— crafting a feel-good sound and story, just right
TO GIMME A COUNTRY SONG
we can dance to all summer long.

[REPEAT HOOK]
[INSTRUMENTAL]

3. Some things have value that transcends
diamonds and gold,
that all turns to rust and to dust
as we all grow old.
The things of the heart mixed with a little romance
brought us all into this world
and makes it go `round in a dance.
SO GIMME A COUNTRY SONG
we can dance to all summer long.

HOOK: So gimme A Country Song we can dance to all summer long . . .
Then gimme A Country Song we can dance to all winter long . . .
Gimme A Country Song we can keep warm to all winter long . . .
. . . Just gimme a summer song we can Country to all the dance long . . . *
