

## **JUST THE RIGHT AMOUNT OF WRONG**

6-23-14 (1)  
(#64)

**REFRAIN**/: Just the right amount of wrong  
**HOOK** Just the wrong amount of right  
Just a little touch of heresy  
and, gee, you've got perfect insight !  
Just the wrong amount of right  
Just the right amount of wrong  
in your struggle to be free  
come on with me inside this song.

- 1. I will free you from your dragons  
I will free you from your dreams  
that have churned your world to nightmares  
burned all bridges back, beyond your means.  
If you think it's the ultimate horror  
your nocturnal scenes put you through  
just wait till you see clearly  
what real life can do to you !**

**[INSTRUMENTAL]**

- 2. Would you come walk down this pathway,  
see the things that I have seen  
Just the right and wrong amount of madness  
tangled up in everything.  
Put my shoes on, walk inside them,  
come to know the things I've known  
till your mind cannot abide them —  
they would rend it fully blown !**

**[REPEAT REFRAIN]**

- 3. Is it fears that grip your heartstrings ?  
Is it tears that let it go ?  
No one else walks the exact path  
that you walk — so only you would know.  
When you see the whole foundation  
collapsing 'neath its own weight  
then you'll know it's time to go,  
but that you're just a little too late.**

**[REPEAT REFRAIN]**

**[INSTRUMENTAL]**

**(Continued)**

**JUST THE RIGHT AMOUNT OF WRONG**  
**(Continued)**

(6-23-14)

- 4. When you close your eyes and everything  
you see is too intense,  
you know where you're supposed to be  
though none of it makes any sense.  
When you think it must all be a dream  
because it's too much to be coincidence  
it's the right amount of wrong and wrong amount of right  
making up your life's ingredients.**

**[REPEAT REFRAIN, AND FADEOUT]**

**[END]**
