

## KONVICT KARTOON KIDDIES

12-6-12

1. Kiddie Konvikts watching  
kiddie kartoons all day long!  
Tube-glued hardly blinking,  
thinking that it makes them strong, (like Superman!)  
Kiddies in behavior, TV is their savior  
gangsters in their mind, but to reality they're blind  
like a drunken drug they chug  
all day long, from the mug — of TV!
2. The little kiddies watch  
their itty-bitty boxed-reality.  
Blind to realize, it's a fake disguised  
(sick) mentality.  
They'll even fight and war  
for more & more & more  
and never come to find  
the damage to their mind  
they suck the teat and crave  
unknowingly a slave — to TV!

### [INSTRUMENTAL]

3. Kiddies love to see  
the fake life of TV — quite endlessly.  
Turn it up & up & up, but never fill their cup  
— insatiably.  
But these aren't girls & boys  
grabbing for their toys  
these are grown-up men, who somehow way back when,  
never knew, without a clue,  
they never grew — past five or ten! — with TV
4. Kiddies ruined for life  
as adults they shun their wife — and family.  
For sports, & sports, & sports,  
more never-ending sports on the TV.  
From cradle-to-their-grave  
never fulfilling the crave  
cause TV was designed, to hook and wreck their mind  
to train the infant brain  
artificially insane — from TV!
