

**LEAVE ME ALONE !**

4-29-16  
(#42)

**HOOK/**  
**REFRAIN:**

**HIT SONG**

**Leave me alone ! . . . Leave me alone !!  
I fight fair and square, while you play here for there,  
bait-&-switch as if I were your annoying little itch,  
tearing at the seam, you've unraveled my whole dream,  
where you had no business loosening a stitch,  
so — Leave me alone ! Just leave me alone !!**

- 1. A real snow-job all glitz and show . . . But Left his footprints in the snow  
Besides my heart what did he take ? When he slithered out like a charming snake.  
I'm not getting caught up again in his wake,  
all that drama is too much of a major mistake;  
time to end the fling, time to cut the string —  
Oh ! But, then, there's just one more little thing:**

**Leave me alone ! Leave me alone !!  
You've made me not care 'cause you won't play fair,  
you act so cool, so suave, so debonair;  
people stopped in their tracks to listen and stare,  
do you really think you're all that rare ?  
Then — Leave me alone ! Just leave me alone !!**

**[INSTRUMENTAL]**

- 2. You're a wild bitter herb . . . But one that's now kicked to the curb  
— in case you didn't know; and now, where will you go ?  
I'm done, I'm free of your chains of jealousy,  
you've won, you're free, of your efforts to change me,  
ciao, good luck, good riddance, au revoir —  
and don't ever even think of coming back, uh, uh, uh, uh, uh ! uh ! —**

**Leave me alone ! Leave me alone !!  
You posed a double-dare, thinking I was unaware,  
Slinking in your high betrayals, sinking low in your affair;  
but I'll let the air out of your tires, including your sole spare,  
hit the road, Jack, to anywhere that's elsewhere —**

**Just leave me alone ! Leave me alone !!**

**[REPEAT INTO FADEOUT]**

**[END]**
