

**LOVE ME, NEED ME**

11-19-14  
(#89)

**HOOK/**

**HIT SONG**

**REFRAIN:**

Love me. Need me.  
It's the only thing we've got  
that means anything.  
Hold me, love me  
for tomorrow I may just be gone with the dawn. \*

1. I had this feeling that I couldn't keep her forever  
one never knows if we'll even have tomorrow.  
Though we tend to take for granted  
life will be here in the morning  
the only life we really have  
is time we borrow . . .  
She said, "Just love me like we'll never love again."

**[REPEAT HOOK/REFRAIN]**

2. She means more than the whole world to me,  
all that matters.  
My work and all my play is all meaningless otherwise.  
And if tomorrow the universe  
erodes, explodes or shatters  
if she's left with me, all the world's still ours  
in our eyes.  
"Just love me like we'll never love again !"

**[REPEAT HOOK/REFRAIN]**

**BRIDGE:**

And as you lie here beside me in the dark  
our souls dance in the sun  
weaved together, as one.  
And as me melt as one body  
as one spirit, vanished, gone !  
Will you still be with me, at the dawn ?

**[INSTRUMENTAL]**

3. And if tomorrow never comes  
as each day proves it never will  
let others push and shove and run  
to climb another hill.  
I've found the one thing I'm content with  
here and now and always will —  
just love me like we'll never love again . . .  
I love you every moment like we'll never love again.

**[REPEAT HOOK]**

**[REPEAT FIRST HALF OF BRIDGE]**

**[REPEAT HOOK AND FADEOUT ON MODIFIED LINE]:**

. . . as if tomorrow I could be gone with the dawn.

**[END]**
