

NO ! WAIT !

11-23-15
(#83)

- 1. No ! Wait ! No ! Wait ! As life passes by,
to those who take the bait and hesitate —
No ! Wait ! They say wait ! While life passes on forever,
till now it's too late, too late.
No ! Wait ! Just wait, you can do it later
— so they say, tomorrow's just like today.
Wait ! Acclimate, and appreciate the nothingness
as life passes by, an empty sky.**
- 2. No ! Wait ! No ! Wait ! Your salvation will soon appear
right there at your gate !
Trust fate ! Hesitate — that's what they've always said,
live life some future day, instead — as life fled.
No ! Wait ! No ! Wait ! Adulterate what's on your plate,
and negate the natural trait —
in you; unique you, you who let them subjugate
the beauty of your natural state — by the "wait" !**

**BRIDGE: Don't take that bait ! Don't wait !
Don't hesitate. Don't let them do that to you.**

- 3. No ! Wait ! And wait again ! Sacrifice the living moment
of your life, now for then.
Just wait ! Eliminate everything that has meaning,
for the future's non-existent, it's a mist
vaped away
there's only "today."
No ! Wait ! And wait some more ! And then what ?
When you realize life passed you by, and closed the door
on you. What to do ?
What to do ? What to do ? What to do ?**
- 4. Don't ! Wait ! Don't ! Wait ! Don't abrogate and don't negate
the only life you have this moment !
Don't hesitate ! Don't let them subjugate
or indoctrinate, your mind, your one of a kind —
It's yours, not theirs !
It's yours, not theirs !
It's yours, not theirs !**
