

NOBODY GITS ME – BUT YOU!

3-6-92

1. You watch me shining drenched in sweat
to play the crowd to climax
in spectacles of sight & sound
that's raised us to a fever;
We both know that you're just as wet
no one wants to hide the facts
some girls go wild, some hold it down
some let me know they're eager.

2. I know you see what's in the eyes
of women coming town-to-town
You wonder if I ever
even think of trading;
Babe, I'd give up my career,
my voice and all the sound I hear
before I would adulterate our love
or see it fading.
 - A. The band goes late nite on the town
where wanton women come around
But you & I have a bond no one can enter into.
Every place we end up stoppin'
pretty girls always come shoppin'
But, my store is closed to everyone but you.
I may give the crowds my all
from my depths down to their souls
for five hours till I'm drained at one or two.
But at the closing of the curtain
you can rest forever certain
that nobody gits me — nobody gits me, but you.

 - B. No one could ever love me like you do
you can have me whenever you want to,
but no one else gits me, no one else gits me,
no, nobody gits me but you.
In case you ever wonder if, or who,
our bond got slit in two,
no, no, no, nobody got me, nobody got me,
'cause nobody gits me but you;
— I'm yours — nobody gits me but you.

 - C. You see those women wet with lust
who seek to violate our trust
you know what they come to the show to do.
When you're with me and the music's done
you know you & I will melt as one —
in love, just us — no need for trust
with all of me 'n you.
But you know those women fantasize
and some come just to tantalize
when you're not with me wondering what I do.
Rest sure the nites you're in our bed at home
and I'm out on the road, alone
Still no body ever gets me — but you.

NOBODY GITS ME - BUT YOU
(Continued)

(3-6-92)

3. You know I make it nightly
with 200,000 people.
Their roar sends a charge through my body
to the heart of me;
My heart is one with yours for sure
still sometimes you feel insecure
'cause I should make it just with you
— with every part of me.
4. It's written on your face sometimes
the subtle shadow of a fear
that supple charms of someone or this world
might lure me from you;
But woman, I play hard for keeps
both in the band and as your man
My loyalty always will be.....
— True!
- A. I gave my whole soul once to you
and I gave you more than that
I gave you something that's not been
and won't be broken.
I gave my word to you with out a fault
for you to put it in your vault
where no one else can touch your priceless token.....
We may be half the world apart
you see it all on ROC TV
Entertaining your doubt
I may give in — or out, to someone new.
If there be moments I get tempted
at my bottom line they're all exempted
'cause nobody gits me, nobody gits me but you.
- I'm yours — nobody gits me but you!
