

1. Oh girl, there are no words in this place.
This world, is just a reflection of your face.
Yah hurled, 10-trillion stars across the scars — of space.
And unfurled this galaxy for me — but I chose you in its place!

Somewhere, long ago when the world was being frayed,
as the foundations were laid,
it's then that you were made — for me.
Somewhere, back in time near the start of eternity,
you were there holding me,
I can almost see the memory.
And somewhere, around that place my memory has since erased,
how you vanished without a trace,
how I've searched for you all of these days...
and now I've finally found you!

2. Oh girl, what did I do that I get to have you?
The pearl, so precious beyond all depth and value.

Somewhere, long ago when the world was being frayed,
when the foundations were laid,
it's then He made you — for me.
Somewhere, back in time at the start of eternity,
you were a part of me,
I can vaguely sense the memory.
And somewhere, 'round that place my memory has since erased,
when we went our separate ways;
and I've searched for you all of these days...
And now I've finally found you.

3. Yah knurled, two souls from one mold of clay.
Halved, not whole; till joined together in that future day.
When love curled, our paths to meet at this time.
No words, describe the magic as our souls now intertwine!

Now, I understand why He made the skies and the sea.
And why I could never be free, until he gave you back to me.
Now, I comprehend how there is no end to all this
How perfect creation could not miss,
I've found the universe in your kiss.
Now, I quietly know that there's no place left to go,
babe, it's the end of the show,
my seed planted in your home to grow...
Forever, now that I've found you!

Oh girl! Oh girl! Oh Girl! [REPEAT INTO FADEOUT]
