

**PARADISE OF THE PAST**

6-7-14  
(#60)

1. Perfect and easy  
the days go like gentle, flowing streams  
and mellow the moments that we share;  
Dreamy, and lovely, and 0 softly  
flow the ebb and tide  
of heart things the spring brings, everywhere.

**[TURNAROUND]**

2. I love how the winter changed  
like the twinkling of a snowflake  
as it melted on the meadow into a billion more,  
and the way I see you smile  
knowing your heart is filled with love and laughter  
it's these things and you, you, you — I adore.

**[DOUBLE TURNAROUND]**

3. The way your flowing hair  
dances in the wind as we ride  
chasing the sunset till it's gone;  
Indelibly impressed into my soul  
for a lifetime  
and in my sweet dreams tonight, until the dawn.

**[INSTRUMENTAL]**

4. Why did we come here ?  
— sometimes I think I know  
but it's fleeting and nebulous as a dream.  
The wise say we chose,  
fools say, "That's just how it goes"  
heaven knows it may be somewhere in between.

**[TURNAROUND WITH SOUNDS OF BLOWING WIND]**

5. Should life become dreary  
should the days ever turn weary  
there's no free guarantee this will last;  
Reach deep into this well again  
from wherever you will be then  
and draw up *this eternal paradise of the past.*

**TAGS:** ... Softly and lovely and dreamy  
flow the ebb and tide  
of heart things the spring brings to ever last ...  
Reach deep into this well again  
from wherever you are then  
and draw up *this eternal paradise of the past ...*
