

RAP CD–RHAPSODY

10–5–13 (2)

1. Am I the soul survivor
whose harmony has not resigned?
Still searching the world over
for that sweet music of the heart refined.
Like a plague swept from the cities
— even country barely left behind...
Now I can't find, with heart and mind
that lovely, sweet, soul–stirring kind —
I naturally,
can't find rhapsody
in a rap CD!
2. It's been well over 40 years
since mere stones became a glam–attraction.
Belting out disharmonies
about “Can't get no satisfaction.”
The whole world followed, and ever since
has sustained that reaction.
But I just can't find with heart and mind
that lovely, sweet, soul–stirring kind —
Quite naturally,
I can't find rhapsody
in a rap CD!

BRIDGE: As the saying's often said:
a turnip can't be bled;
and you don't give your child a stone
when he's asking you for bread.
So when your soul craves natural music
why feed it something else instead?
(As if someone could resurrect
something living from the dead)...
No, you'll never find that lovely
rhapsody
in a rap CD!

[RAPSODIC LONG INSTRUMENTAL]

3. Kings and slaves and princesses
were soothed and moved with sweet strains.
And wooed and rhapsodized with melodies
healing to their brains.
Millennia of harmonious progression
reversed in all its gains...
Till few can find in their heart or mind
that dying nectar 'neath the rancid rind,
that precious, sweet, soul–stirring kind —
none naturally,
can find rhapsody
in a rap CD!...

TAG: naturally,
there is no rhapsody
in a rap CD!...
