

1. America is a red sky morning, can't you see the warning?
The "red" that comes from "the other side"
controls our gold and our country's tide.
NO, they don't need to come and get us,
they're taking it from the inside:

HOOK Can't you hear America in mourning, Warning! Warning! Warning!
Can't you hear America in mourning, Warning! Warning! Warning!

2. America is a red sky morning, while you're busy adorning.
The "red" is blood of the brave who died --
because you follied sleepy-eyed.
NO, they don't need to come and get us,
they've already taken us from inside:

Can't you hear America in mourning, Warning! Warning! Warning!
Can't you hear America in mourning, Warning! Warning! Warning!

BRIDGE A red sky at night requires the light of eternal vigil, they said.
We sold out our children through false education,
while our gold and silver were traded for "red."
The liberty we once earned is sold by the Fed!
If you're an American, help save our nation as we sink into the night.
Don't wait for intrusion, we'll lose by collusion,
While you're looking out, they bought your insight.
We can save her only if you'll join the fight! */

3. America is a red sky morning, bleeding with forlornning.
While you buried vigil 'neath eternal pride,
to create our children's suicide...
NO, they don't need to come and get us,
they've gutted us from the inside:

Can't you hear America in mourning, Warning! Warning! Warning!
Can't you hear America in mourning, Warning! Warning! Warning!

4. America is a red sky morning, for our Maker's sake, heed the warning!
Without a noose, a bow was tied;
you allowed your leaders, while they lied.
NO, they don't need to come and get us,
they got us from inside!

Can't you hear America in mourning, Warning! Warning! Warning!
Can't you hear America in mourning, Warning! Warning! Warning!
Can't you hear America in mourning, Warning! Warning! Warning!
Warning! Warning! Warning! Warning! Warning! Warning! Warning!
Warning! WARNING! WARNING!... [fade out]

REPEAT INTO FADE-IN & FADE-OUT [LOUDER/SOFTER, OVER & OVER]

END

* Instrumental followed by hook, here (optional); length figured with this inserted here.
