

SO DEATH WOULD PASS OVER

4-5-14 (2)
(#29)

- 1. The Passover Lamb —
does the world understand,
does the world comprehend what occurred ?
At the crossroads of time
the most spectacular happening
is there anyone on earth who hasn't heard ?
Yet where is the passion
stirred with dare, awe and thrall
as if no one then and there saw it all ?**

**REFRAIN: And, yes, he died to set us free
from death, the final captivity.
So death would pass over,
so death would pass over,
so death would pass over you and me.**

- 2. A Passover Lamb —
Shepherd, King and man
the greatest miracle centuries have blurred.
Jailed for freedom that he gave
impaled so we'd escape the grave
the peak event of history now obscured.
Behold our dying passion,
faded dare, awe and thrall
as if no one there saw it all.**

**[REPEAT REFRAIN] *
[INSTRUMENTAL]**

- 3. My Passover Lamb —
can you forgive what I am ?
considering all my sins have inured ?
How can your sheep not understand
the meaning of this free gift
and for our sakes what you suffered and endured ?
Unless I do my part
to share with dare, awe and thrall
it's no use that all those there saw it all.**
