

[INSTRUMENTAL OPENING]

1. I know you want me to go but your heart is caught in the turmoil.  
And I know that you want me to stay, until you break your vow.  
I know the tension's tearing you apart  
because I feel the same thing in my heart.

SO I'LL GO IN A WHILE,  
BUT I NEED TO LOVE YOU RIGHT NOW.

2. It's that look in your eye that betrays the fire blazing inside you.  
It's the passion that moves mountains, and marks history by its prow.  
The embers in you can't be smothered away,  
your body insense begs me to stay.

SO I'LL GO IN A WHILE,  
BUT I NEED TO LOVE YOU RIGHT NOW.

[short instrumental turnaround, two times]

3. When that woman-longing overtakes you, nothing can stop your desire.  
That's when my heart tries to escape, but it's something that yours won't allow.  
I'm overcome, I'm stunned, I can't even choose,  
there's only one way this force can defuse-

OH, YES, I'LL GO IN A WHILE  
BUT I NEED TO LOVE YOU RIGHT NOW.

[FULL INSTRUMENTAL]\*

4. Until the Earth explodes unleashing loads of brimstone and fury...  
Until the heavens re-roll like a scroll,  
that dissolves somehow.  
I don't know what the world's gonna do,  
but what we do is up to me and you-

I CAN GO IN A WHILE  
BUT I NEED TO LOVE YOU, RIGHT NOW!  
[Repeat]

END

\* Guitar runs, here and throughout
