

SPREAD YOR LOVE

5-6-16
(#43)

HOOK: (So) Spread your love and let me in, *
it's not a sin — it's our origin;
spread your love and let me, let me in,
it's not a sin, it's never been.
Spread your love, Spread your love, Spread your love, Spread your love ...
Spread your love, Spread your love, Spread your love, Spread your love,
Spread your love, Spread your love, let me in.

1. It's always been the pinnacle, it's always been so beautiful;
it's always been a miracle, a mystery only the heart can see.
We drudge, we toil, wind tight, recoil
till the flesh we are returns to the soil;
but the spirit can hear it, can feel it, can see it,
let the love inside you, unfold, let's be it,
I can't go there without you, all my love is all about you.

[REPEAT HOOK]

2. Imagine what you can't imagine, let me take you there;
I can't do it by myself, I need you to get us there from here.
No guardian, no chaperone,
just you and I, on our own, alone;
electrified love, magnified
intensified, nowhere to hide,
just shudder in utter ecstasy, in sighs that split the skies.

[REPEAT HOOK]

[INSTRUMENTAL]

3. Love barrier broken, no words spoken, where none needs to be;
a place inside beyond beyond, where trapped souls are set free.
Deeper, take me deeper, into
the very deepest part of you;
and from there dive from the cliffs of dare,
let imagination take us anywhere,
the bonds of the world we knew broken through, ooh, ooh, ooh . . .

[REPEAT HOOK AND FADE OUT]

[END]
