

STRIKE GOLIATH !

5-24-14

(#52)

1. **If you are one among the chosen few
standing firm for what we know is true
The adversary of the unwary will strike with an attack,
not maybe, it's as assured, as the Word we back.**

[INSTRUMENTAL TURNAROUND]

2. **Like David, the Shepherd King of Israel
still living through the Psalms with lessons to tell;
The type of courage we need today against the same enemy
the same battles we face, and the same victory !**

**REFRAIN: When demons draw you to the battle ground
don't listen to the talk of fear going 'round –
Strike ! The dragon in the heart
Strike ! and tear its power apart
Strike ! Goliath with the Stone !
Until the giants of evil are all gone,
and every enemy and foe will flee
before the promised dawn.**

3. **You have that power over the adversary
regardless of the stature of our enemy.
As giants boast their threat, never flinch, never cower,
it's your moment of courage, it's your finest hour !**

[REPEAT REFRAIN]

4. **Giants, shackles, prisons, broken heart and spirit
everyone under the sun, must face, but need not fear it.
We're honed for a reason on this battlefield, in war
this proving ground's purpose – what we came here for.**

[REPEAT REFRAIN]
