

## THE RAIN

2-13-94  
(#2)

**HOOK:** You've got to handle the pain,  
(it's just s fact) —  
there is no sun without the rain !

HIT SONG

1. You've been hiding all along  
why don't you say what you feel ?  
The fears that keep you strong  
are constantly unreal.  
Your peers were never wrong  
they just couldn't help you heal —  
the tears that drown out your song  
were never figured in as part of the deal !

**HOOK:** You've got to live with the pain,  
**[INSTRUMENTAL RIFF]**  
*'cause life will always have some rain.*

2. You're just a prisoner of your dreams  
seeding rows never hoed.  
It's all so different than it seems  
when you look back down the road.  
Your longing holds back screams  
your stillborn destiny stowed —  
The gold and silver brightly gleams  
but is the reaping worth the heartfield that you sowed ?

**HOOK:** You've got to take it with the pain,  
(because in life) —  
*no one will ever stop the rain !*

**[INSTRUMENTAL]**

**HOOK:** Just hold on through the pain,  
(you're in school !) —  
*and your best teacher is the rain !*

**THE RAIN**  
**(Continued)**

( 2-13-94)  
(#2)

**3. Torrential acid rains pour down,  
it's part of the game.  
Your only mission is not to drown  
wherever you stake your claim.  
Jewels and thorns stud every crown  
regardless whom we blame —  
We've slipped this ticket into town  
and once we've made the trip — we'll never be the same !**

**HOOK: You've got to drink down the pain  
(and realize) —  
*in life there'll always be some rain !***

**\* You've got to overcome the pain . . .**

**You'll need to carry the pain . . .**

**Conquer your . . . fear of pain . . .**
