

**TO FULFILL YOU**  
 is my greatest desire;  
**to fulfill you**  
 is my highest dream.  
 As we reach from our continents  
 across the oceans,  
 as we breach our very hearts  
 joined at the seam.  
 Once I've emptied all my life  
 in you, **to fulfill you** \*  
 I'm holding what remains --  
 and it's still you.

**TO FULFILL YOU,**  
 there's no other reason;  
**to fulfill you**  
 there is no greater goal.  
 Knowing what your heart needs  
 and all the pain you've been through,  
 to the brink of hell and back  
 to finally find my soul.  
 The most awesome thing in life  
 would be but **to fulfill you**  
 Nothing had such meaning --  
 until you.

**TO FULFILL YOU,**  
 every day forever;  
**to fulfill you**  
 what would remain?  
 To give you every treasure I could steal  
 from the heavens,  
 To live, to fill you to the full  
 every day again.  
 There's nothing left in life,  
 if not **to fulfill you**  
 If you'll only let me --  
 will you?
