

1. Today is the decisive day of battle.
 Today's the day you'll lose or win your crown.
 Today is the day to claim the victory
 for our life is a spiritual battleground.
 [TAG]: ...Today is the day to claim your victory;
 The day the keys to conquering were found.

SHORT INSTRUMENTAL TAG

2. Today's always the only confrontation;
 the battle for our souls is here and now.
 All else is but the enemy's diversion,
 once we've put our hand to the plow.
 [TAG]: Don't let him turn your focus from this reality;
 he can only do, inside you, what you allow.

DOUBLE INSTRUMENTAL TAG

3. The power of the WORD is our salvation.
 There is no greater power in your hand.
 In fact, there is no equal power in all creation,
 against the enemy and all his band.
 [TAG]: It's the power that made and sustains everything,
 Since before even creation was planned.

DOUBLE FULL INSTRUMENTAL *

4. Today is the day that affects eternity;
 each day we live — a bell we can't unring.
 As every day for every living soul has a consequence;
 and we can overcome even death's sting...
 [TAG]: By the mercy of our Maker that triumphs over judgment;
 And today's always its day of reckoning.

TWO INSTRUMENTAL TAGS, AND FADE OUT

END

* [Very moving, heavily orchestrated, dramatic instrumental with its inherent double-tags, both times through].
