

WE KNOW THE POWER OF LOVE

(Updated: 10-19-13)

1. We know, we know,
we know the power of love.
We go, we go,
we go wherever it leads us.
All of my life I have wanted you;
seeking that "something" that was true.
All of my life I have needed, and needed,
something as beautiful as you.
We know; we know the power of love.
2. We give, we give,
we give the essence of life.
We live, we live,
by love above struggle and strife.
Since I was a child I had sought you out,
to finally learn the greatest dare
is to live for the present and love for the moment
with someone whose whole life I can share.
I give to you, you give to me;
we receive the power of love.

[INSTRUMENTAL TURNAROUND]

3. We are, we are,
we are life's channel of love.
We've grown not far, we've grown not far,
not far from the highest power we're made of.
Since the moment I laid eyes on you,
locked in the windows of your soul;
I was struck with the marvel and wonder of life
understanding the purpose, this journey, my role.
We are; we are the power of love.

[TURNAROUND, THEN FULL INSTRUMENTAL]

4. We share, we share,
we share the love of love of love.
We bear, we bear,
the gift of its mystery in us.
What more could there be, Oh! How far could this take us?
What higher plane might be beyond this?
The universe in your soul, eternity in your smile,
the spice of paradise in your kiss!
We have, we have the meaning of life...

(Originally for Deb Renée)
(Sung as male/female duet)

We know, we know,
we know the power of love...

Yes we know the power's inside us!
