

WON'T BE LONG

Won't be lo-o-n-g-----  
 Won't be lo-o-n-g-----

- 1 Oh, I can feel it in the air  
 there's a major change a'commin on!  
 Deep in your own heart that we share  
 you can feel it too - Common! Common! Common! Common!

BRIDGE: Something's finally giving way to change  
 this is what we lived & died for  
 since we took each others' names.  
 It's what we worked & prayed & paid for  
 while you watched them drag me through the mud  
 -until they made us both sweat blood.

We had nowhere to run for cover  
 -couldn't even touch each other  
 raped our dreams, stole every goal...  
 You wouldn't let them take my soul...  
 Now, it's almost over.

Won't be lo-o-n-g-----  
 Won't be lo-o-n-g-----

- 2 This is a different kind of dam-breakin'  
 than the one we broke down already.  
 So many shattered hopes but this one's not fakin'  
 It's real, grab me now - hold me steady! Steady! Steady!  
 [INSTRUMENTAL ON BRIDGE SECTION]

Won't be lo-o-n-g-----  
 Won't be lo-o-n-g-----

- 3 All the years of tears to us too unjust  
 cruel enough to tear any two apart.  
 But as we burned as one in the heat of our lust  
 it consumed every doubt in our heart within our heart - Our heart!  
 [INSTRUMENTAL ON BRIDGE SECTION]

Won't be lo-o-n-g-----  
 Won't be lo-o-n-g-----

- 4 Oh I know it's finally real  
 like reins slashed in half off my spirit.  
 You know deep in the guts of my soul how I feel  
 'sets my life on fire to be so near it - This is it! This is it!

[REPEAT BRIDGE]  
 [FADE IT & OVERLAP:]

Won't be long--Hold on strong--  
 Won't be long--Can't be wrong--  
 We belong...
