

YOUR MONETARY OUTCOME

12-4-13

1. And if ya don't think yet
that you're just plumb dumb
then get ready, get set
for this rule of thumb.
If your all may not be
all as great as your sum
if your whole life's fee
may outweigh what you've become...
 Then learn this lesson well
 it should be an easy sell:
 more important than your monetary income
 is your monetary outcome.
2. If you think you came
from a chimpanzee
maybe then you *are* the same,
since he's got you up a tree.
Living lost in thought
ever dreaming of payday
and what you've already bought
in your mind along the way...
 Then you might as well just save
 all you earn for a fancy grave.
 As you ever gather in you monetary* income
 with no monetary outcome.
3. On the treadmill running
from the start of every day
in your best act of cunning —
selling all your life for pay.
While the belt of the mill
turns the hands of the clock
with no time to stand still
or to ever take stock...
 Of your life that's passing away
 all sold for a future day
 in your world where your monetary income
 has no monetary outcome.

4. Now I'm just havin' fun
with the lyrics of this song.
So don't come all undone
if ya think I got it wrong — (in fact, come and sing along!).
If ya can't grin and laugh
at yourself in the mirror
I can spare half a gaffe
if it'll draw y'all nearer...
 To a real-ization
 leading you to a reevaluation
 that more important than your monetary income
 is your monetary outcome

 ... and more important than your monetary outcome
 is your momentary overcome —

 ... and more important than your momentary overcome
 is your coming.....
